

3-D Advanced Imaging

On the ImageQube PACS, in partnership with TeraRecon, Intuitive Imaging offers server- and/or cloud-based 3-D advanced imaging. Ease of use marks its thin-client approach providing advanced visualization beyond the dedicated workstation. Scalable, flexible business models deliver effortless results at an affordable price.

FEATURES:

- » 3-D
- » Volumetric Imaging
- » Neuroradiology
- » Mask/Segmentation
- » Time Volume Analysis
- » Flythrough
- And more!
